

PARTS LIST:

Shelf Unit	Mat	Casters w/brakes	Power Strip	Cord Wrap	Bolts	Wing Nuts
		 C X 2  D X 2				
A X 1	B X 1		E X 1	F X 1	G X 2	H X 2

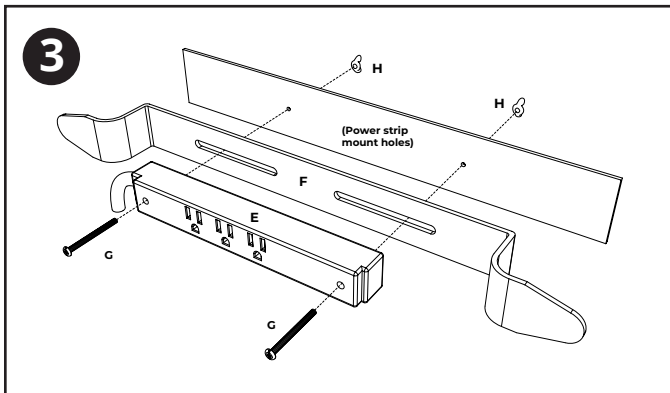

ASSEMBLY INSTRUCTIONS:

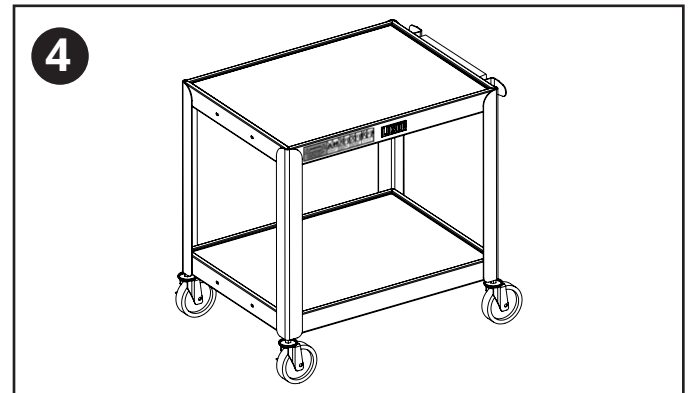

- Flip the shelf unit upside down on a carpet or other non-scratch surface.
- Insert the non-locking casters (C) into the wheel sockets on one of the narrow ends
- Insert the locking casters (D) into the wheel sockets on the opposite end.

- Flip the shelf unit back over.
- Ensure the mat is correctly in place on your desired shelf.
- Select a set of power strip mount holes at one of the narrow ends of the top shelf.

- Push the bolts (G) through the corresponding holes in the power strip (E).
- Push the bolts through the corresponding holes in the cord wrap (F).
- Push the bolts through the power strip mount holes at end of top shelf.
- Use the wing nuts (H) and screwdriver to fasten power strip and cord wrap to the cart.

- Unlock the casters to allow the wheels to spin freely.
- Lock the casters to keep the cart in place.
