LLMC

MODULAR CHARGING SYSTEM

Easily charge and secure tablets, iPads, and Chromebooks with Luxor's flexible and scalable device storage solution.

Ideal for education environments, warehouses, retail, and more, the versatile design lets you create the perfect mobile or fixed-location solution for charging, storing, and securing tablets and laptops.

Depending on what works best for your organization, you have the freedom to scatter single charging lockers throughout your facility to alleviate deployment bottlenecks at one location, easily store up to 60 devices on a single charging cart, or create a stationary charger bank with a practically unlimited capacity. Regardless of how you configure your system, you'll never have to worry about a student missing a lesson due to an uncharged battery or starting a shift with lost or stolen devices.

Features:

- Each modular cabinet holds up to 10 laptops or tablets with up to 13" screens
- Padded storage slots help protect devices from scratches
- Movable divider fins allow you to select between two storage slot widths
- Power strips are located in a separate drawer to keep cords and power bricks neat and organized
- Each cabinet includes a front locking door and two keys; ventilated sides help keep devices cool
- Cabinets can sit on shelves, mount to walls, be stacked, or connected to optional dollies for mobility
- Single dolly can hold up to three cabinets; double dolly can hold up to six cabinets; single dollies can be connected to create a double dolly
- The optional push handle adds convenience
- High quality 3" full-swivel casters, two with locking brakes
- UL/cUL-listed power strips (two 5-outlet strips per cabinet, one 4-outlet strip per small dolly, two 4-outlet strips per large dolly)
