MOBILE BIN-STORAGE UNIT - DOUBLE ROW WITH SMALL CLEAR BINS

This Luxor Double-Row Mobile Bin System is an effective storage solution for smaller items. It comes with 16 3"-deep polypropylene tubs.

Clear plastic bins add convenience by making it possible to see the contents without opening the drawers. Each tub is capable of holding up to 20 lbs., making this the perfect system for healthcare use. A steel frame, sturdy guide rails, and a built-in safety feature keep bins securely in place while using the bins or moving the unit. And it's easy to maneuver thanks to four rolling casters, two with foot-activated brakes.

If your storage needs change over time, you have the option to replace two 3" bins with one 6" bin (additional bin kits sold separately).

Dimensions:

- Overall: 30.75"W x 20"D x 37.5"H
- Small Bins: 12.25"W x 16.75"D x 3"H

Features:

- Perfect for hospitals, clinics, medical offices, residential facilities and more
- Organize and stack supplies in sixteen 3"-deep tubs
- Clear plastic bins let you know contents at a glance
- Bins hold up to 20 lbs. each
- Double-row steel frame for long-lasting use
- Built-in safety feature prevents bins from pulling off the rack
- Bin handles include ticket inserts for standard labels
- Flat-top surface provides a work area or additional storage
- Four casters allow smooth maneuverability while two locking brakes offer stability for stationary use
- Additional bins are available in packs of 8 small or 4 large tubs:
 - 8 small (MBS-BIN-8S-CL)
 - 4 large (MBS-BIN-4L-CL)

Mobile Bin Storage Unit - Double Row with Small Clear Bins

MBS-DR-16S-CL
