16 Device Open Charging Cart

LOTM16

Quickly access your tablets and Chromebooks with Luxor's open charging cart. This mobile cart stores devices while keeping them fully charged and readily available. Charging cords are neatly organized using two clips to guide each cable towards the back shelf, which houses the 16-outlet horizontal power strip. Four casters allow users to smoothly transport the tablets and Chromebooks, and two locking brakes steady the steel frame for stationary use. This one-of-a-kind cart is ideal for any fast-paced environment that needs devices easily accessible, charged, and ready for immediate use.
