

# LuxPower Mobile AC and USB Charging Tower

LUXPWR-WH

Charge up to 16 devices simultaneously with Luxor's mobile, multi-device power solution for today's dynamic, collaborative work and learning environments. The LuxPower Mobile AC and USB Charging Tower ensures that power for electronic devices is always in easy reach. It offers 8 USB charging ports, 8 AC outlets, plus a height-adjustable platform with a padded top to safeguard smartphones and tablets. Plus, hidden wheels ensure effortless transport when reconfiguring a room.

This mobile and versatile product is perfect for classrooms, conference centers, coworking spaces, offices, and anywhere else that mobile power is required.
