

STANDING DESK

STUDENT DESK - PNEUMATIC SIT STAND DESK

STUDENT-P

Students increasingly require physical outlets as academic pressure rises, physical activity decreases, and attention spans wane. Schools are turning to standing desks as numerous studies have shown their extensive benefits in aiding student engagement and improving mental & physical health. Luxor's student desks use a pneumatic air cylinder to easily adjust the height between sitting and standing for a personalized environment. The desktop includes placeholders for pencils and a water bottle, and four casters aid student collaboration and classroom flexibility. Help your students stand their way to success!

Specifications:

- Overall dimensions (with casters): 27.5" W x 19.5" D x 29" to 43.5" H
- Overall dimensions (with furniture glides): 27.5" W x 19.5" D x 26.25" to 40.75" H
