HEAVY-DUTY MOBILE WORKSTATION

Employees in warehouses, distribution centers, garages, and manufacturing facilities deserve the same ergonomic, comfortable, and efficient work environments their office-bound colleagues enjoy.

Recognizing this, Luxor has created the Heavy-Duty Mobile Workstation. Featuring adjustable height for a personalized fit, highlights include a 1,200 lb. weight capacity, a built-in pegboard, and a locking drawer. For situations where mobility is required, this sturdy shop desk offers smooth rolling, industrial-grade locking casters, and a convenient push handle. It all adds up to an industrial workstation that's ideal for the most demanding customers.

Dimensions:

- Overall dimensions: 40" W x 25" D x 51.25" to 64.75" H
- Desktop dimensions: 36" W x 22.5" D x 36.25" to 49.75" H
- Shelf dimensions (each): 36" W x 19.5" D (with 1.5" H retaining lip along rear edge)
- Pegboard dimensions: 36" W x 15" H
- Peg hole spacing: 0.25" diameter holes, 1" W x 1" H grid
- Locking drawer inner dimensions: 30.5" W x 20.75" D x 4.5" H
- Weight capacity: 1,200 lbs. (evenly distributed)
