

## UCWS002

### 4-BIN LUG CART

If you seek a mobile and functional storage, organization, and transport solution for a commercial kitchen, warehouse, office, manufacturing, or industrial environment, look no further.

Luxor's 4-Bin Lug Cart is built to be tough and mobile and offers an impressive weight capacity for its compact size.

Highlights include a quartet of removable storage bins, each with a 50 lb. weight capacity. The sturdy powder-coated steel frame will stand up to many years of constant use while the commercial-grade 4" locking casters roll smoothly. The top of the cart features a flat surface to provide additional workspace.

#### Dimensions:

- Overall dimensions: 14.75" W x 17.5" D x 41.5" H
- Storage bin outer dimensions (each): 12.25" W x 16.75" D x 6" H
- Storage bin inner dimensions (each): 11" W x 15" D x 6" H
- Writing/work surface dimensions: 12.5" W x 17.25" D
- Weight capacity: 200 lbs. (50 lbs. per bin, evenly distributed)

#### Features:

- Removable storage bins with slotted label holders
- Built-in safety feature helps prevent bins from unintentionally pulling off their tracks
- Sturdy powder-coated steel frame
- Convenient surface for writing and other tasks
- Commercial-grade, 4" full-swivel, lockable casters
- Easy assembly
- 5-year limited warranty
